The Wooden Duck
BED & BREAKFAST
Make Our Home Your Home Away From Home

FOR IMMEDIATE RELEASE

The Wooden Duck Bed and Breakfast Teams with Tesla Motors

Tesla Destination Charging now offered as new amenity for guests

Newton (Andover Township), New Jersey – April 13th, 2015 – The Wooden Duck Bed and Breakfast has teamed up with Tesla Motors to provide an increasingly desirable amenity; [Tesla Destination Charging](#).

Having the Wooden Duck Bed and Breakfast set in the middle of Kittatinny Valley State Park fits with our goal to be “green.” To that end we made the decision to aid in the growing trend toward electric vehicles and clean air by taking advantage of Tesla Motors Destination

Charging Station Program. We wanted to be the first in the area to provide this service. We decided what better place to install electrical vehicle charging stations than next to our horseless carriage house.

The Wooden Duck Bed and Breakfast joins a rapidly growing network of resorts in [Tesla Destination Charging](#), including more than 160 other Select Registry properties throughout the U.S. This new program provides hotels, resorts, and restaurants around the world with charging equipment, and gives Tesla drivers the freedom to charge wherever they want to travel by replicating the charging convenience owners are accustomed to at home. The Wooden Duck Bed and Breakfast has two chargers. One for Tesla vehicles and one for other brands of electric cars; guests can charge for free and non-guests can charge for a small service fee.

It was an easy decision to install the Tesla charging station. Here at the Wooden Duck Bed and Breakfast we strive to find ways to be more eco-friendly and Select Registry and Tesla Motors helped us to achieve our goal. "We are bringing leading edge technology to Sussex County through travel and tourism" said Jason Jerome of The Wooden Duck Bed and Breakfast.

Tesla's growing Supercharger network of 400 stations along frequently-traveled highways has inspired Model S owners to hit the road in increasing numbers. Owners can drive all day, charging for 30-40 minutes at Superchargers and then stop at night to stay at The Wooden Duck Bed and Breakfast, or other quality-assured Select Registry properties. Tesla's High Power Wall Connectors add 58 miles of range per hour, topping off Model S's full 265 miles of range in just a few hours on a single charge.

Select Registry properties and other Tesla Destination Charging locations are hosted on [Tesla's interactive webpage](#) and will soon be GPS located on Model S' navigation through a free software update sent wirelessly to the car. In coming months, Tesla owners will be able to use the Model S 17" touch screen to easily plan trips and locate the property.

Photographs of the property and chargers are available upon request.

About The Wooden Duck Bed and Breakfast

Tucked away on ten wooded acres amid the rolling hills of rural Sussex County, The Wooden Duck Bed & Breakfast is your great escape in Northern New Jersey. From the moment you turn onto the quiet lane leading to the Inn, you are transported into a world of natural beauty where wildlife abounds. Guests escape their busy lives in New York, Philadelphia, Washington, D.C. or as far away as Australia, to find gracious hospitality and relaxation in private, comfortable surroundings.

The **Estate House** contains 7 spacious rooms, each with a private bath, sitting areas, business workspaces, free wi-fi, flat screen satellite TVs, DVD players and fireplaces. Deluxe and Semi-Deluxe rooms include 2 person soaking tubs. Our Living Room features a gas fireplace, bay window and big cozy couches to relax and unplug. The Den has comfy leather furniture with a big screen TV, perfect to watch a game or movie. There is a snack

station open 24 hours with coffee, tea, soft drinks and home baked goodies. DVDs and Games are also available for free use.

The **Carriage House** contains 3 more comfortable rooms, including a handicap appointed room, all with private bathrooms, flat screen satellite TVs, and free Wi-Fi. Enjoy gorgeous views any time of year, filled with wooded acres, rolling hills and wildlife throughout. Watch families of deer feeding at dusk while on your evening stroll or catch the dance of the hummingbirds as you sip your coffee from the patio or dining room.

Start your morning by indulging in the scrumptious 3 course breakfast served in the dining room overlooking the in-ground pool and grounds. Relax and unwind by the pool and gardens or by the fireplace, whatever the season.
